33) Barmer is a town municipal Council in J-Nagaspa Zalak It Consists of 1200 houses with a population of 6000

34) The present scheme of drainage is estimated to cost Rs 93,760 The estimate has been sanctioned by the Chief Engineer for Rajputana It is proposed to finance the scheme on equal properties by the Govt & the municipal Council

35) Every year, work to the extent of Rs 4000/- is proposed to be carried out At this rate, the work would have to be spread over a period of Well nigh 24 years

36) The estimate is costly for a small place like Barmer further Committing the Govt to the expenditure Covering over a period of 24 years would be inadvisable

37) Having regard to these factors it is for consideration if the Dy Chief Engr may not be requested to revise the estimate so as to restrict the drainage for the present to important streets & slum areas. In regard to the insanitary huts which are said to be a source of

Sir,

Sub. Drainage scheme for Bannur Town

48) With reference to your letter No L 9182 dated 13th March 1945 on the above subject, enquiring whether the comprehensive estimate for R 93,760/- cannot be reduced without sacrificing service to the town, I have the honour to state that the letter with the whole file of this office on the subject is this day (28-3-45) transmitted to the Chief Engineer for Roads and Buildings for further needful action, as the charge of the Bureau of Sanitary Engineering is handed over to him

I have the honour to be,
Sir,
Your most obedient servant,
Director of Public Health

49/ The D P H was requested to consider the desirability reducing the estimate for the comprehensive drainage scheme at Barnum, as at para 5a/

50/ In reply to this, the D P H reports that the entire flow subject has been transferred to the C-E for R+B for further necessary action, as the Bureau of Sanitary Engineering has been placed under his charge - Ref para 4a/ hereof.

51/ In view of this information, a draft letter is submitted to the C-E R+B to submit the information called for early.

Sir,

With reference to your letter No L 1702o dated 18-6-1947, on the above subject, I have the honour to forward herewith, for favour of communicating sanction of Government, a modified estimate amounting to Rs 71,400/- for the above work, got up by the Sanitary Engineer and scrutinised in this office.

2 The report accompanying the estimate explains the necessity for the work and the provisions made therein The certificate of scrutiny furnished by the Auditor, P W Department in his letter No 176/W I dated 16-7-47 is also herein enclosed.

4 It is reported by the Sanitary Engineer that the first stage of the drainage work amounting to Rs 1,873/- sanctioned by the Director of Public Health, who was in charge of the Sanitary Bureau at that time, has been completed

5 As regards sanctioning the comprehensive drainage scheme amounting to Rs 93,760/-, Government in their letter No L 60/R dated 1-7-1946 desired that the comprehensive estimate for the drainage scheme at the

at the place might be reduced without sacrificing the efficiency of the drains to the Town. Accordingly, a modified estimate amounting to Rs 71,400/- comprising of all the four stages of the work is prepared and submitted As regards carrying out the work once for all instead of in stages after the modified estimate for the entire town is sanctioned, I am of opinion that it is desirable to work out the scheme in stages in view of the slender resources of the Municipality.

6. The cost of the work is to be met by the Government and the Bannur Municipal Council in equal proportions.

7 I request you kindly to communicate sanction of Government to the modified estimate.

Sir,

Subject: Drainage and water supply schemes to the Bannur Minor Municipality

-

Adverting to your letter no L 13974 dated 11-4-47 and subsequent reminder letter No L 10963 dated 19-11-1947 on the above subject, I have the honour forward herewith a report No C 52/47-8 dated 1-11-1947 received from the - President, Minor Municipal Council, Bannur through the Sub-Division Officer, Nanjangud Sub Division and to state that the Bannur Municipal Council at their meeting held on - 26-10-1947 considered the comprehensive drainage estimate consisting of 4 stages received with your letter No L 9362 dated 16-9-1947 for Rs 71,400/- and have resolved that the 2nd stage scheme for Rs 8600/- might be taken up immediately as the council have already credited not only their share of the amount but also the Government share aggregating Rs 900/- to the Sanitary Department already as detailed below -

28-6-1944	-	3000
1-5-1945		2000
30-6-45		4000
		9000

It is stated that completion report has been received re the execution of I stage of work for Rs 2300/-

The plans and estimates received are enclosed. As the amounts for II stage work have been credited to the Department long ago, I request that the Sanitary Department might be instructed not to delay starting the II stage work further The question of taking up subsequent stages III and IV stages will arise after the II stage is completed

As regards water supply scheme nothing further has been heard from the Sanitary Engineer as to whether he got the particulars expected from his subordinate officers, etc

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Mysore District.
